Tests will be happening in these places.

The rest of the school will be quiet to support us!

# Breakfast

- Come to the Food Tech room at 8am and get some toast with jam or chocolate spread.
- At break time there will be cereal bars and fruit.
- There might be some biscuits and sweets for after the tests, too!

**We can provide  
you with  
equipment if  
you forget it!**

# Equipment

- **Rubbers** are allowed, but you should encourage pupils to cross out answers they wish to change instead of rubbing them out.
- Pupils must use a **dark pencil** or a **pen** with **blue** or **black** ink to provide their answers.
- Pupils must not write their answers using **erasable pens**, **glitter pens**, **gel pens** or other **coloured pens**. The ink from these does not show up when scanned for on-screen marking.
- Pupils may **highlight** passages of text in any of the tests, provided this is normal classroom practice. Pupils must not write their answers with a highlighter pen.

# Looking after the paper

- when preparing for the tests, encourage pupils to write their answers and show their working out in the area provided - responses in the **margins or the grey area will not be marked**, as answer booklets will be cut and scanned for on-screen marking
- pupils **do not colour in or write on the barcodes** positioned at the base of each page in the answer booklets - this could hinder the scanning and marking process, as the barcodes ensure that each page of a test script is associated with the right pupil

# Some tips for the weekend

- Look after yourself
- Do something you enjoy
- Don't compare yourself to anyone else
- If you are stressed, talk to someone
- Set an alarm for Monday morning!

# Next Friday

- Please come to school in your PE kit!
